TAJUK : PEMINDAHAN DARAH 'TALIAN HAYAT' PESAKIT TALASEMIA

HARI : SELASA

AKHBAR : BERITA HARIAN

TARIKH : 04 JUL 2023

M/SURAT : 24

STONE : POSITIF

SEKTOR : KPWKM

## Pemindahan darah 'talian hayat' pesakit Talasemia

**Pemindahan** darah yang dilakukan bermula usia 10 tahun sehingga kini umpama 'talian hayat' kepada Zul Azreen Zulkepli, sejak didiagnosis menghidap Talasemia seawal usianya dua tahun.

Zul Azreen, 36, yang juga Presiden Persatuan Talasemia Kelantan berkata, walaupun dia menghidap penyakit itu, tetap cecal menghadapi cabaran dan dugaan dan tidak pernah patah semangat untuk meneruskan hidup.

Katanya, ketika berusia 10 hingga 12 tahun, dia hanya menjalani pemindahan darah sebulan sekali dan apabila semakin dewasa pemindahan darah makin kerap dilakukan, iaitu antara dua atau tiga minggu sekali bergantung kepada keadaan kesihatan dirinya.

"Demi meneruskan kelangsungan hidup, selain pemindahan darah untuk kekal sihat, saya juga perlu bergantung kepada bantuan ubat-ubatan se-

perti Exjade Deferasirox bagi menyingkirkan lebihan zat besi di dalam badan.

"Kebanyakan individu tidak mengetahui saya penghidap Talasemia disebabkan keadaan fizikal saya kelihatan normal seperti insan lain yang sihat.

"Saya seorang yang kuat dan selagi mampu saya akan melakukannya dan jika paras hemoglobin saya menurun, orang berada berdekatan dengan akan melihat perubahan pada diri apabila saya nampak lesu dan letih.

"Bagaimanapun, bagi mereka yang benar-benar mengenali diri saya akan mengetahui keterbatasan akibat penyakit yang dihadapi," katanya ditemui selepas Forum Hari Talasemia Sedunia 2023, di Auditorium Hospital USM.

Zul Azreen berkata, dia didiagnosis Talasemia ketika berusia 24 bulan selepas kerap demam dalam tempoh yang lama selain cepat berasa penat.

"Dalam tempoh lapan tahun saya selalu perlu berulang alik ke hospital untuk menjalani pemeriksaan secara berkala sehingga pada usia 10 tahun saya menjalani rawatan memasukkan darah pada setiap bulan.

"Ketika masih di bangku sekolah, saya pernah tertanya-tanya mengapa diuji dengan penyakit ini dan kehidupan tidak normal seperti rakan lain bebas melakukan aktiviti sedangkan saya perlu menjalani rawatan

memasukkan darah setiap bulan.

"Bagaimanapun, saya bersyukur kerana masih dipanjangkan usia dan diberikan kesihatan yang baik walaupun perlu menjalani rawatan pemindahan darah dengan untuk mendapatkan bekalan darah mencukupi," katanya.

Setiap bulan dia perlu menjalani rawatan pemindahan darah di Hospital Raja Perempuan Zainab II (HRPZII) bergantung

kepada keperluan dan setiap kali rawatan, saya menerima satu beg berjumlah 250 mililiter (ml).

"Meskipun saya dikategorikan sebagai penghidap Talasemia, namun isteri, Aya Ariana Abd Haq, 29, bebas daripada penyakit ini.

"Alhamdulillah, saya bersyukur kerana mempunyai isteri, keluarga serta rakan seperjuangan yang tidak pernah jemu memberi sokongan dan semangat," katanya.

Dia juga mempunyai seorang adik, Juliana Aziera, 26, juga menghidap Talasemia.

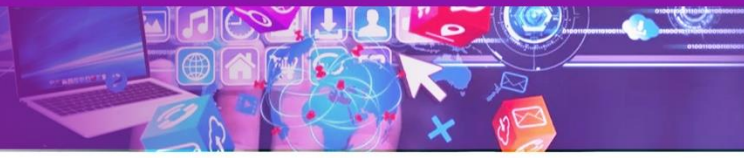

Zul Azreen berkata, pengalamannya sebagai pesakit Talasemia turut mendorongnya menjadi antara tulang belakang Persatuan Kelab Talasemia Kelantan yang didaftarkan pada 2018.

"Selaku presiden kelab, saya dan ahli yang lain cukup aktif menggerakkan kempen kesedaran mengenai Talasemia kepada umum," katanya.

“Demi meneruskan kelangsungan hidup, selain pemindahan darah untuk kekal sihat, saya juga perlu bergantung kepada bantuan ubat-ubatan bagi menyingkirkan lebihan zat besi di dalam badan”

# Rantai kahwin RM 30,000 diragut

Guru tergamam jadi mangsa jenayah depan pusat beli-belah

Oleh Roselan Ab Malek  
bhnews@bh.com.my

**Temerloh:** Seorang guru wanita hilang rantai perkahwinan bernilai RM30,000 yang dipakai sejak 25 tahun lalu selepas diragut di hadapan sebuah pasar raya, di Mentakab, Temerloh.

Kejadian kira-kira jam 1 tengah hari kelmarin, berlaku

ketika GeethaKrishna Nair, 49, bersama anaknya selesai membeli-belah di pasar raya terbabit.

Timbalan Ketua Polis Daerah Temerloh, Superintendan Roslee Omar, berkata dalam perjalanan ke keretanya, mangsa tiba-tiba didatangi suspek disyaki seorang lelaki yang menaiki motosikal jenis Yamaha Y16 dan terus meragut rantai leher dipakainya.

"Mangsa tergamam dan tidak sempat berbuat apa-apa setelah rantai lehernya diragut, manakala suspek terus memecut motosikalnya dan meninggalkan tempat kejadian.

"Suspek mengenakan pakaian jaket lengan panjang warna hitam dan memakai topi keledar warna kelabu serta 'visor' gelap

menutupi muka," katanya dalam satu kenyataan, semalam.

#### CCTV rakam kejadian

Roslee berkata, menerusi rakaman kamera litar tertutup CCTV dari premis berdekatan, mendapati motosikal yang digunakan peragut adalah jenis Yamaha Y16 perak, namun nombor pendaftaran tidak dapat dilihat dengan jelas.

"Mangsa memberitahu suspek meragut rantai perkahwinan yang dipakainya dengan berat anggaran 80 gram dan bernilai RM30,000 dalam kejadian itu," katanya.

Beliau berkata, kes di siasat di bawah Seksyen 392 Kanun Keseksaan.

CCTV di bangunan berdekatan rakam suspek dalam kejadian ragut di hadapan sebuah pasar raya di Mentakab kelmarin.

# Terajui syarikat terkemuka negara pada usia muda

“Jangan mudah berputus asa kerana keazaman tinggi mendorong kepada kecerdasan seterusnya kepada kerja keras untuk menonjolkan bakat yang ada”

Dzuleira Abu Bakar,  
Bekas CEO MaGIC

Kesungguhan tingkat pengetahuan yakinkan Dzuleira ketua organisasi teknologi, inovasi

Oleh Tuty Haryanti  
Ahmad Rodzi  
bhnews@bh.com.my

**Kuala Lumpur:** Tiada perkara yang mustahil, itulah prinsip Dzuleira Abu Bakar dan terbukti kewibawaannya amat terserlah, pada usia muda sudah menerajui jawatan ketua pegawai eksekutif (CEO) di beberapa syarikat terkemuka negara.

Dzuleira, 43, ketika ini memegang jawatan CEO Malaysian Research Accelerator for Technology and Innovation (MRANTI) sejak 2021 dan akan beralih pula jawatan sama di SKS Airways Sdn Bhd, bermula 15 September depan.

Beliau yang juga bekas CEO Malaysian Global Innovation

and Creativity Centre (MaGIC) mempunyai pakej lengkap, iaitu bijak, jelita serta berpengalaman luas 17 tahun dalam bidang teknologi dan inovasi, selain modal usaha niaga dan ekuiti perendirian, kewangan korporat, undang-undang dan tadbir urus.

Walaupun berkelulusan bidang perundangan dari Universiti Teknologi MARA (UiTM), tetap cemerlang, malah hebat juga dalam bidang lain, termasuk peneraju ekosistem dron di Malaysia.

Di MRANTI beliau terus menyokong penuh, menaja program perlumbaan dron bagi membina bakat perlumbaan dron untuk mewakili negara suatu hari nanti, memacu serta membangunkan kepakaran dalam Sains, Teknologi, Kejuruteraan dan Matematik (STEM).

Menceritakan bagaimana menceburi bidang teknologi dan inovasi, anak jati Pulau Pinang itu berkata, sebaik tamat pengajian beliau mendapat pekerjaan pertama sebagai eksekutif muda di sebuah syarikat kejuruteraan yang mereka bentuk satelit.

Kongsi Dzuleira, dari situ mula minat bidang teknologi dan inovasi hingga beberapa kali menukar tempat kerja un-

tuk mendapatkan lebih banyak pengalaman.

“Memasuki bidang ini secara tidak sengaja, namun memupuk minat dan terus menyukainya kerana ia sangat menarik.

“Setiap hari ada banyak perkara baharu dipelajari dan sentiasa mendorong saya terus mempelajari, mendalami dan memahami bidang ini.

“Buku, e-buku, podcast adalah semua sumber pengetahuan yang meningkatkan keyakinan saya untuk meneruskan kerjaya berkaitan STEM sehingga menerajui organisasi yang mempercepatkan teknologi dan inovasi,” katanya.

Beliau mengakui bidang diceburi agak mencabar, sebagai ibu dan isteri penting mendapat serta sokongan keluarga untuk memastikan mental sentiasa berada dalam keadaan baik.

“Jangan mudah berputus asa kerana keazaman tinggi mendorong kepada kecerdasan seterusnya kepada kerja keras untuk menonjolkan bakat yang ada,” katanya suka bermain tenis dan meluangkan masa bersama keluarga serta rakan.

Beliau yakin, ramai wanita di negara ini mempunyai bakat bagus dalam bidang teknologi

dan inovasi, tetapi masih kurang menonjol.

### Beri wanita tempat sesuai

Stigma dalam kepemimpinan patut diubah terlebih dulu supaya wanita berbakat besar dalam bidang ini diberi tempat sesuai dengan kelayakan mereka.

“Sudah pasti sokongan itu perlu datang daripada pemimpin atasan, terutama lelaki supaya wanita berbakat ini diberi tempat untuk menjadi pemimpin.

“Selain sokongan di tempat kerja, wanita memerlukan sokongan daripada keluarga dan masyarakat kerana wanita memikul banyak tanggungjawab dalam satu-satu masa,” katanya.

Beliau yakin Malaysia terus berada pada landasan tepat untuk memberi tumpuan kepada agenda teknologi dan inovasi kerana ia tulang belakang kepada ekonomi negara.

Katanya, sebagai negara yang bercita-cita tinggi untuk menjadi negara maju, perlu mempunyai fokus yang sangat penting dan hala tuju yang tepat.

“Saya juga bersyukur dan bertuah kerana diberi peluang melaksanakan banyak tugas dalam bidang teknologi dan inovasi untuk negara,” katanya

yang berkhidmat di MRANTI sehingga awal September ini.

Baru-baru ini beliau mengumumkan meletakkan jawatan sebagai CEO MRANTI untuk meneroka dalam bidang lain.

Malah, beliau turut mengakui, Malaysia mempunyai potensi tinggi dan besar dalam bidang berkenaan berikutan banyak bakat baharu yang berminat dan mempunyai kemahiran tinggi untuk membangunkan teknologi dan inovasi dalam negara.

Katanya, bidang teknologi dan inovasi adalah satu industri dan yang akan menggerakkan sesuatu industri dan ramai bakat ada yang perlu ditonjolkan.

“Justeru, penting ketika ini kerajaan dan agensi berperanan serta melihat dari sudut pembangunan bakat kerana kita memang sudah ada ramai bakat muda dalam bidang ini, tetapi mereka perlu dilatih dan diberi sokongan di platform yang tepat,” katanya.

Beliau berharap, generasi muda masa kini mengambil peluang teknologi yang ada dengan berusaha mengetahui bakat yang ada pada mereka dan berusaha mengembangkannya sekali gus, menjadikan ia sebagai kerjaya untuk masa depan.

TAJUK : 'TERIMA KASIH PUJI MEK COMEL'

# 'Terima kasih puji mek comel'

Perkongsian video cucu dengan neneknya berusia 100 tahun di TikTok raih 1.9 juta tontonan

Oleh Noor Hidayah  
Tanzizi  
hidayah.tanzizi@  
hmetro.com.my

Kota Bharu

"Terima kasih kepada yang memuji mek (nenek) saya comel dan cantik selain mendoakan kesihatan mek yang kini usia sebenarnya mencecah 100 tahun," kata Muhammad Aliff Haikal Mahamad.

Muhammad Aliff Haikal, 29, yang berkongsi video bersama neneknya, Esah Hamad di TikTok mencuri perhatian netizen sehingga ada videonya meraih sehingga 1.9 juta tontonan setakat kelmarin.

Perkongsian itu mendapat pelbagai reaksi netizen malah ada yang turut meluahkan rasa rindu terhadap nenek mereka yang sudah meninggal dunia.

Berkongsi cerita, Muhammad Aliff Haikal berkata, neneknya yang tinggal di Kota Jembal, di sini memberitahu kelahirannya didaftarkan lewat ketika wanita itu mendakwa dia sudah berusia kira-kira 10 tahun.

"Saya percaya apa yang mek cerita kerana zaman dulu memang ramai yang daftar kelahiran lewat jadi

MUHAMMAD Aliff Haikal bersama neneknya, Esah.

ada yang usia lebih muda daripada usia sebenar, malah ketika itu juga keluarga mek agak susah dan sukar ke tempat pendaftaran.

"Lagipun mek seorang yang masih kuat ingatannya, semua kisah hidupnya termasuk zaman Jepun dulu dia

masih boleh ceritakan dengan baik," katanya ketika dihubungi, semalam.

Usahawan pakaian itu berkata, neneknya kini sudah kurang berdaya untuk berjalan dan pendengaran juga agak kurang, namun penglihatan serta ingatannya

masih jelas dan kuat.

Menurutnya, neneknya mempunyai enam anak dengan empat sudah meninggal dunia, 56 cucu, 101 cicit dan 11 piut hasil perkahwinan bersama datuknya yang meninggal dunia ketika anak mereka masih kecil.

"Malah, sebelum ini pernah ada doktor mengusiknya dengan mengatakan darah mek darah orang muda"

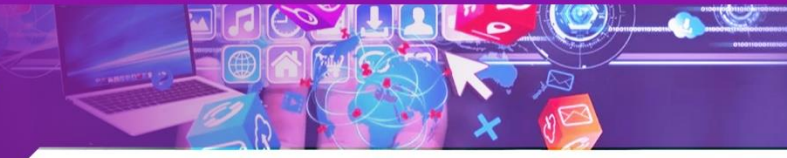

nya dengan mengatakan darah mek darah orang muda. Mek memang seorang yang jaga pemakanan dengan setiap hari dia mesti makan ulam kampung seperti pucuk jenereh, putat dan ketereh selain sayuran lain," katanya.

Berhubung video TikToknya, dia berkata, ia dikongsikan hanya untuk kenangannya saja selain mengakui neneknya juga sudah 'mencuri hati' pengikut akaunnya yang kerap meminta dia berkongsi video mengenai wanita itu.

"Saya memang selalu buat video dengan mek cuma baru ini saja kongsi di TikTok dan tak sangka ramai yang suka. Bagi saya semua ini untuk kenangan sementara mek dan ibu masih ada saya mahu mencipta memori bersama.

"Sebab itu sibuk macam mana pun saya yang berkerja di Muar, Johor akan curi sedikit masa untuk pulang ke Kelantan berjumpa mereka setiap bulan.

"Malah semangat kental mek membesarkan enam anak dengan melakukan pelbagai kerja kampung seperti menoreh getah, menjual daun pisang dan sayuran menjadi inspirasi saya dalam perniagaan biarpun ada jatuh bangunnya," katanya.

MENARA Taming Sari tersangkut pada ketinggian 60 meter ketika sedang turun.

“Saya juga telah menaiki Menara Taming Sari untuk ujian kebolehkeraan pada malam tadi dan pada pagi ini”

Melaka

Sebanyak 36 pengunjung berdepan detik cemas apabila terperangkap selama sejam dalam pelantar berputar jenis gyro Menara Taming Sari di Bandar Hilir di sini, tersangkut pada ketinggian 60 meter ketika ia sedang turun ke bawah, petang kelmarin.

Menara Taming Sari setinggi 110m dan dapat berputar 360 darjah untuk para pelawat melihat panorama Bandar Melaka.

Jurucakap Jabatan Bomba dan Penyelamat Malaysia (JBPM) Melaka, Penolong Penguasa Bomba Mohd Hanif Mustafa, berkata pihaknya menerima panggilan kecemasan pada jam 5:58 petang sebelum tiba tujuh minit kemudian.

Katanya, kesemua pengunjung berjaya dikeluarkan ke tempat selamat tanpa sebarang kecederaan.

Beliau berkata, masalah mekanikal menyebabkan kejadian itu dan pihak penyelenggaraan Menara

Melaka: Menara Taming Sari di Banda Hilir di sini, kembali meneruskan operasinya seperti biasa semalam selepas selesai dibaik pulih berikutan masalah teknikal yang dialami hingga menyebabkan 36 pengunjung terkandas kelmarin.

Timbalan Pengerusi Menara Taming Sari Berhad yang juga Ahli Dewan Undangan Negeri Duyong Mohd Noor Helmy Abdul Halim berkata, baik pulih kerosakan pada sistem teknikal menara itu dilakukan jam 8 malam kelmarin dan siap sepenuhnya 11 malam.

MENARA TAMING SARI TERSANGKUT

# 36 cemas sejam

Taming Sari menggunakan motor sokongan menurunkan pelantar terbabit.

Seorang mangsa, Zuliani Zulkeple, 42, dari Bidong, Kedah, berkata beliau bersama 13 ahli keluarganya termasuk dua kanak-kanak perempuan berusia 6 tahun dan seorang kanak-kanak lelaki berusia setahun empat bulan, menaiki menara berkenaan pada jam 5:30 petang.

“Ketika di puncak, pelantar sempat berputar sebanyak dua kali sebelum tiba-tiba berhenti. Ketika itu saya ingatkan pelantar sengaja berhenti untuk memberi peluang kepada pelancong mengambil gambar.

“Bagaimanapun, pelantar tersebut berhenti sangat la-

ma. Ada yang mula mengalami sesak nafas kerana kekurangan oksigen berikutan pelantar berkenaan hanya mempunyai satu pintu servis dan tidak bertingkap,” katanya.

Zuliani yang merupakan seorang jururawat di Hospital Sultan Abdul Halim, Sungai Petani itu, berkata berikutan itu, ada pengunjung bertinduk berdekatan pintu servis bagi mendapatkan udara manakala yang semput dikipas oleh pengunjung lain.

Beliau mendakwa pasukan penyelenggara berkenaan menaiki menara berkenaan dengan cara memanjat tali kabel kerana itu satu-satunya cara untuk naik ke

platform tersebut.

“Setibanya di pelantar berkenaan, pasukan penyelenggara berkenaan menggerakkan platform tersebut secara manual untuk menurunkan semua mangsa.

“Sebaik tiba di bawah, oleh kerana menara berkenaan tidak mempunyai kuasa elektrik, pihak bomba bertindak memecahkan kunci pintu bagi membolehkan semua mangsa keluar daripada menara berkenaan,” dakwanya.

“Kira-kira sejam kami semua terperangkap di dalam pelantar berkenaan sehingga berjaya keluar pada jam 6:30 petang,” katanya.

“Sebanyak 36 pengunjung terbabit dalam kejadian itu membabitkan 26 dewasa, lapan kanak-kanak, seorang warga emas dan seorang orang kurang upaya (OKU),” katanya.

“Ada yang mula mengalami sesak nafas kerana kekurangan oksigen”  
Zuliani

## Masalah mekanikal selesai

“Saya juga telah menaiki Menara Taming Sari untuk ujian kebolehkeraan pada malam tadi dan pada pagi ini, saya juga bersama Exco Pelancongan, Warisan Seni dan Budaya Datuk Abdul Razak Abdul Rahman mengadakan lawatan semula di Menara Taming Sari bagi meninjau keadaan menara itu sebelum ia memulakan operasi,” katanya ketika dihubungi, semalam.

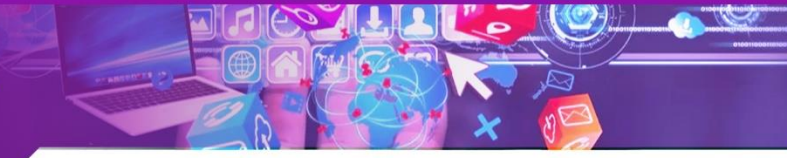

Kelmarin media melaporkan 36 pengunjung berde-

pan detik cemas apabila terperangkap di dalam pelantar berputar jenis gyro Menara Taming Sari di Banda Hilir pada ketinggian 60 meter ketika ia sedang turun.

Dalam kejadian itu, pengunjung membabitkan 26 dewasa, lapan kanak-kanak, seorang warga emas dan seorang orang kurang upaya berjaya diturunkan dengan selamat.

"Ilmu pengurusan mental dan emosi penting bagi mengelakkan berlaku penderaan, yang tidak terhad kepada aspek fizikal semata-mata tetapi juga emosi yang boleh mempengaruhi sikap dan psikologi mangsa. Apabila individu mempunyai ilmu untuk menguruskan mental dan emosi, mereka akan lebih cenderung menzahirkan emosi positif serta bertindak dengan lebih baik dalam mengawal sebarang konflik yang berlaku"

### MANIS BERTUKAR PAHIT

# 45,420 PERKAHWINAN BERAKHIR DENGAN AIR MATA

**Iskandar Ismail**

**B**erakhran ini terfalu lerag manjural di- juma kisah pencerahan dan pengidahan ri- miall tangga, baik orang biasa yang tidak silah ber- kungsi cerita mereka di me- dia sosial ataupun golongan sebetari.

Hakikatnya, trend pencerahan di negara ini agak mengesankan, khususnya dalam kalangan pa- nagan beragama Islam.

Rekod Jabatan Kebajikan Sya- rah Malaysia memaparkan se- kitaran di seluruh negara pada 2022, dengan punca utama yang dikenal pasti ialah tidak per- sefahaman, faktor kewar- nagan, pa- sangan curang dan cam- pa- sa- nagan ke-

**MOKJ** kursus perperkahwinan perlu ditambah baik kerana cabaran yang dihadapi pada zaman ini adalah berbeza dengan yang dihadapi pada zaman yang silam.

"Kawasan ini ro- le- van dan penting bagi bakal pe- ngantin, na- men boleh di- tambah baik dari semasa ke semasa agar seiring dengan situasi yang dialami oleh masyarakat sekaran," katanya kepada Ber- nama.

Menurut beliau, antara yang bo- leh ditambah untuk ditambahkan dan ditetapakan dalam modul ialah ilmu tentang pengurusan mental dan emosi.

"Ilmu pengurusan mental dan emosi penting bagi mengelakkan berlaku penderaan, yang tidak ter- had kepada aspek fizikal sem- ma- mata tetapi juga emosi yang bo- leh mempengaruhi sikap dan psi- kologi mangsa."

"Apabila individu mempunyai il- mu untuk menguruskan mental dan emosi, mereka akan lebih cen- derung menzahirkan emosi positif

sebut seperti melakukan teknik pernafasan. Pada waktu itu juga mereka perlu bertindak atas tindakan semula cara menyelesaikan mas- lah," katanya.

"Kemudian barulah respon ter- had kepada konflik yang berlaku. Me- nerus kaedah ini, secara tidak lang- sung pemikiran, emosi dan tingka- lah dapat dikawal dan berada da- lam keadaan yang baik," jelasnya.

Beliau berkata kebanyakan pa- sangan tidak beresolusi ketika ber- tegang dengan konflik kerana me- raka sering diabaikan cerita-cerita ialah dalam perperkahwinan, andan- gkan realitinya adalah berbeza.

Scheringer itu katanya, adalah penting bagi setiap pasangan mem- punya ilmu untuk mengawal emo- si yang dapat membantu mereka menyelesaikan masalah dengan ten- tang dan matang.

"Selain aspek pengurusan mental dan emosi, meniaga keaktifan kepada gejala negatif lain termasuk kemarahan, dan gangguan wista- sia isteri boleh membantu ber- tegang gejala itu," katanya.

Berterus bahawa kresekran pe- ngantian pengurusan mental dan emosi sebagai penyebab pasangan gagal mengawal isu dalam rumah tangga. Petyorah Kanan Program Kounseling, Fakulti Keperawatan dan Pengurusan, Universiti Sains Islam Malaysia (Uisim) Dr Siti Ni- habah Mohd Yusoff berkata perhid- matan kounseling perperkahwinan manya membantu suami isteri, terutama pasangan muda, menga- kaharmonikan rumah tangga.

Katanya, pasangan suami isteri yang berdepan pelbagai kesulitan sehingga menjadikan keaktifan mental serta emosi mereka dan akhirnya menyebabkan kemura- nagan, perlu tampil mendapatkan bantuan.

"Ketika ini ramai kounselor pro- fessional yang menawarkan koun- seling perperkahwinan, bukan seba- di agensi kerajaan tetapi juga per- ribadi atau bukas kerajaan (NGO) dan pihak swasta, bagi membantu pa- sangan yang berdepan pelbagai su- berbeza dalam perperkahwinan."

"Kamunya tidak mena penga- melibat bahawa berjumpa dengan kounselor adalah langkah penting dalam membantu mereka menga- dalikan isu yang dihadapi," kata- nya.

Siti Nabillah pada masa sama, berkata pendidikan perperkahwinan di Malaysia perlu berfikir lebih ter- had kepada dan berterusan dalam membantu pasangan bermaslah, bukan sekadar menzahirkan pencerahan.

serta bertindak dengan lebih baik dalam mengawal sebarang konflik yang berlaku," katanya.

Menurut beliau, seperti perbu- hasa "sedangkan ialah lagi terget, bukan pula suami isteri", per- tingkatan antara pasangan tidak boleh ditolak.

Yang menjadi isu ialah bagaimana pasangan menguruskan mental dan emosi mereka ketika konflik, kerana katanya, kegagahan berbuat demikian boleh menyebabkan "per- kara kecil menjadi besar sehingga memulaukan peridahan penga- nitan dan pengabaian."

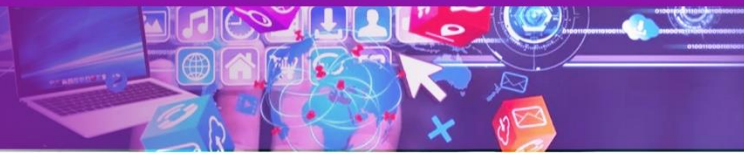

"Lebih meroskan apabila ke- hadan ini membawa kepada perbu- hasan yang atau bertindak di luar batas perperkahwinan, kesan di- rjapada ketidakpuasan mengawal perperkahwinan atau konflik yang ber- talar," katanya, menambah pa- sangan yang bijak menguruskan emosi mampu bertindak lebih ra- sional.

Untuk rekod, kursus perperka- hwinan yang antara lain mengun- tingkan ilmu dalam perperkahwinan, hubungan pasangan dan keha- ran serta kisah-kisah terhid, diwaha- kan ke atas pasangan Islam sejak 1990-an, sementara bagi pasangan bukan Islam pula, mereka digal- angkan mengikuti kursus hampir sama yang diperkenalkan oleh Lembaga Pendidikan dan Pembangunan Ke- luarga dan Negara, bermula awal.

Mengulas lebih lanjut, Armanawy menyenaraikan perincian kursus "3E" iaitu *emeri, rehati dan respon* dalam modul perperkahwinan bagi membantu pasangan belajar meng- awal perasaan apabila berada da- lam keadaan tertentu.

Aturur ialah keadaan apabila in- dividu mengalami emosi seperti marah, maka dia perlu beresolusi seketika dan mencari ruang serta cara untuk melegakan emosi ter-

TAJUK : ISI RUMAH BERSTATES MISKIN TEGAR DI KELANTAN MENURUN

## Isi rumah berstatus miskin tegar di Kelantan menurun

**Kuala Krai:** Jumlah Ketua Isi Rumah (KIR) berkurangan kepada 10,680 orang yang berdaftar dengan eKasih berstatus miskin tegar di Kelantan bermula Januari sehingga Jun tahun ini berbanding tempoh sama pada tahun lalu.

Pengarah Pejabat Pembangunan Negeri Kelantan (ICU JPM), Jasri Kasim berkata, pada tahun lalu sebanyak 21,001 KIR yang berdaftar dengan status miskin tegar dan jumlah berkenaan menyusut kepada 10,321.

Katanya, pengurangan jumlah berkenaan dipengaruhi beberapa faktor termasuk pembukaan semula ekonomi selepas Perintah Kawalan Pergerakan (PKP) yang ditamatkan dua tahun lalu.

"Selain itu, pemberian pelbagai bantuan kesejahteraan rakyat daripada kerajaan Persekutuan dan kerajaan negeri juga membantu meringkatkan beban golongan miskin tegar,"

AHMAD Wafiy terlintar sejak berumur empat bulan.

ADLI Isham Abas dan isteri, Norliyana bersama anak mereka, Ahmad Wafiy serta Ahmad Nailil.

# Tak putus ikhtiar demi Wafiy

Pasangan anggap zuriat terlintar penyakit saraf anugerah terindah

Oleh Redzuan Muharam  
[redzuan.muharam@hmetro.com.my](mailto:redzuan.muharam@hmetro.com.my)

## Seremban

Ketika kanak-kanak sesuapannya bersekolah dan melangkah ke alam remaja, Ahmad Wafiy Adli Isham, 12, pula terlintar ibarat bayi baru lahir kerana menderit penyakit saraf dan tulang lembut yang menyebabkannya badannya lembik.

Meskipun begitu, ibu, Norliyana Abdullah, 36, dan bapanya, Adli Isham Abas, 45, tetap menganggap Ahmad Wafiy sebagai anugerah terindah.

Adli Isham yang menetap di Rumah Rakyat Pancur Paroi di sini berkata, Wafiy dilahirkan normal, namun

menderit penyakit itu ketika berusia empat bulan.

Katanya, doktor juga mengesahkan Wafiy orang kurang upaya (OKU) kategori pembelajaran dan menerima kad OKU ketika berusia lima bulan.

"Wafiy tiada sawan atau penyakit lain. Dia perlu diuruskan tidak ubah seperti bayi," katanya ketika dihubungi Harian Metro.

Menurut Adli Isham, doktor pernah mengatakan Ahmad Wafiy tiada harapan untuk sembuh, namun dia dan isteri, tidak pernah berputus asa.

Adli Isham berkata, selain merujuk pakar, pelbagai ikhtiar dilakukan termasuk

memberi makanan tambahan, melakukan terapi air panas dan menggunakan pasir pantai.

"Dulu kepalanya tak boleh bergerak, tetapi kini ada sedikit pergerakan termasuk pada tangan dan kakinya. Ada yang kata tak perlu ikhtiar kerana Wafiy tidak akan pulih menyebabkan perasaan kami terguris.

"Itu belum lagi tuduhan mengatakan kami menipu mengenai keadaan Wafiy, namun saya dan isteri anggap ia ujian buat kami," katanya yang masih perlu membawa Wafiy untuk rawatan susulan di

Hospital Tuan-ku Ja'afar (HTJ), di sini.

Adli Isham ber-

kata, buat masa ini, dia menyara keluarga dengan bekerja sebagai pengawal keselamatan manakala isterinya suri rumah sepenuh masa.

"Pendapatan bulanan hanya RM1,500 dan ikutkan tak cukup kerana perlu menyara seorang lagi anak, Ahmad Nailil yang kini berumur sembilan bulan dengan anggaran perbelanjaan sebanyak RM2,000.

"Bagaimanapun, Baitulmal ada beri bantuan bulanan iaitu lampin pakai buang dan susu jadi dapatlah meringankan sedikit beban saya," katanya.

Orang ramai yang berhasrat membantu Ahmad Wafiy boleh menyalurkan sumbangan ke akaun Maybank bernombor 155015080781 atas nama Norliyana Abdullah.

AHMAD Wafiy bersama adik, Ahmad Nailil.

Sumbangan boleh disalurkan ke akaun Maybank bernombor 155015080781

## VICTIM IN STABLE CONDITION

# Masked robber slashes woman at Felda home

**KOTA TINGGI:** A masked man slashed a woman with a parang when robbing her house in Felda Air Tawar 4, near here, on Sunday afternoon.

The victim, in her 50s, was home alone and napping in her room when she was awakened by the man cupping his hand over her mouth.

A struggle ensued and the victim and robber fell off the bed.

The robber slashed the victim under her chin before fleeing with her gold chain valued at RM3,000.

District police chief Superintendent Hussin Zamora said the

victim suffered a laceration under her chin and was rushed to hospital.

Her condition is reported to be stable and she was discharged after her treatment.

Hussin urged those with information on the suspect to contact investigating officer Inspector Esmal Fhahmie Abd Malek at 017 7183778 or the nearest police station.

Police were not ruling out the possibility that the suspect was known to the victim or that he was even a resident of the Felda settlement and had monitored the victim's movements

### 6 BODIES RECOVERED 6 DEAD, 4 MISSING IN WATER SURGE TRAGEDY

Search resumes for missing family members, fiance on picnic outing at Air Puth waterfall

SIX people have been confirmed dead, and four are missing after a water surge struck a picnic here at Air Puth here on Sunday.

However, checks later showed that only four bodies were found, with their identities confirmed by the next of kin. "We are facing challenges such as communication as well as the unpredictable weather, which has led to inaccurate information being relayed to us," said Majiff. He said 268 rescuers from the Fire and Rescue Department, Civil Defence Force, Coastal Operations Force and local villages were combing the search area. He said the search had to be suspended at 8pm yesterday due to poor visibility but would continue at dawn today.

### MAN ACCEPTS DAUGHTER'S DEATH AS FATE

He also lost his son-in-law, 4 grandkids in water surge incident

THE father of Aishah Elyah, 40, who died in Sunday's water surge incident, at the Jering Mawar waterfall in Air Puth here, has accepted his daughter's death as fate.

"They do not live in the same house as us, but still in the same village. "Their husband used to commute from Felda Luper Hill to Air Puth every day," he said at Sultanah Nur Zahirah Hospital's Forensic Department here yesterday.

Search and rescue personnel for victims of the water surge incident being briefed at the Air Puth police station in Chukai, Terengganu, yesterday.

### Resident: First time water surge claimed lives

A water surge would normally occur after Hala Komsomul experiences heavy rain. The surge would then hit the picnic area in question.

Yusoff believed the family of 10 were new to the area and were the only ones at the scene at the time. "We were shocked, especially

after finding the body of a female victim in the water. We alerted the police. "The rain on Sunday evening was especially heavy and continued until early next morning. "I believe that the surge of the water was especially strong this time. "When I saw the condition of two of the victims, I know that there had to be more." He advised visitors to refrain from returning to the area without consulting the villagers beforehand. "Even better, inform the authorities, such as the police, in advance."

Police initially reported that seven bodies had been recovered yesterday, but later revised it down to four. Two bodies were recovered on Sunday. Investigation chief Danuk Idris said the emergency number of recoveries was due to a communication breakdown with the search team deep in the jungle. "So far, we have found six bodies, four were found today (yesterday) and two were recovered yesterday (Sunday)," he said at the Air Puth police station operations centre. "Prior to this, we were told that seven bodies had been recovered.

### Couple who planned to marry in December among victims

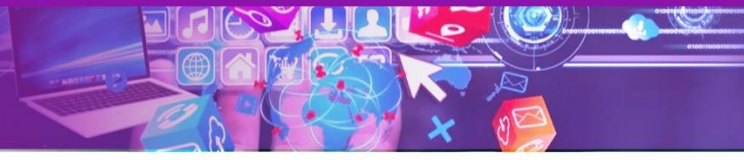

TWO victims of the water surge incident at the Jering Mawar waterfall in Air Puth, Komsomul, on Sunday — Part Bajiq Izani Abdul Rahman, 34, and Muhammad Fikri Sabhan, 24 — were supposed to tie the knot in December.

Part Bajiq's aunt, Siti Aisyah Elyah, 36, said the couple got engaged in March.

"Fikri was with us to celebrate Hari Raya Aidiladha and meet his family in Air Puth, Komsomul, on Sunday. "Part Bajiq Izani Abdul Rahman, 34, and Muhammad Fikri Sabhan, 24 — were supposed to tie the knot in December. "Siti Aisyah said the last time she met Aishah was when the latter's family visited her house in Felda Luper Hill 2, Gambang.

"Aishah and her husband died to bring their family over during the holidays for picnic. "Aishah's uncle, Muhammad Zakaria Hailah, usually preferred to stay home. But this time, he decided to accompany them." Zakaria, 51, was among those who died in the tragedy. He said Aishah had invited their other siblings and mother, Halimah Kamin, 60, to the picnic. "I had some reservations about the picnic. Plus, my husband could not take time off from work, so we didn't join them. "We're trying to understand how we can do better to prevent such incidents. It's not just one or two people, but the whole family, we have to accept this as fate."

# 'Hypnotised' and robbed

## Elderly woman loses valuables worth RM40,000 to trio

By YEE XIANG YUN  
[xiangyun@thestar.com.my](mailto:xiangyun@thestar.com.my)

**JOHOR BARU:** A 68-year-old woman lost about RM40,000 worth of valuables after being "hypnotised" by three strangers at a wet market here.

Identified only as Ng, she said a group of women, estimated to be in their 40s and 50s, had approached her one by one.

Ng said the first encounter happened at around 8.30am on June 3 at the wet market.

"I was buying some vegetables when a woman spoke to me in Cantonese and asked where she could buy some traditional Chinese herbs. That got us chatting.

"Then a second woman appeared and chimed in, claiming that she knows a 'sifu' (shaman) who would give free treatment to those who need it.

"I told them that my husband has been suffering from the same ailment for the past 20 years and the second woman suggested that I meet with the sifu and even offered to drive me there," said the victim when interviewed.

Ng said when they got to the car, she saw that a third woman was sitting inside the vehicle.

She said she was startled when this third woman told her that bad luck would befall Ng's children soon and that she should seek help from the sifu immediately to avoid the disaster.

"They convinced me to return home and place my money and jewellery into a paper bag before meeting them again for a ritual to ward off the bad luck.

"I could only remember the women telling me to hold onto the paper bag tightly while chanting my children's name until they left.

"It was only after they had gone that I realised that I had been scammed as there were only two bottles of mineral water and a small bag of rice in the paper bag. My valuables were no longer there," she said.

After the incident, Ng sought help from Johor Jaya assemblyman Liow Cai Tung, who brought her to lodge a police report.

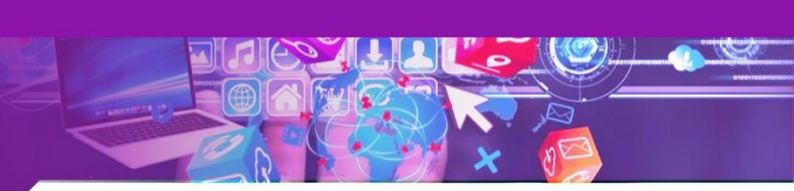

A police official confirmed that a report was lodged.

Liow said she had received several similar complaints recently where a syndicate would mostly prey on senior citizens.

"Some of them managed to avoid getting scammed while others were unfortunately deceived and lost their savings and valuables."

She said she had since met with the wet market's management committee and put up banners in the area to warn the public against falling for such schemes.

"I hope that people can remind their family members, especially the elderly, to be more careful of their surroundings and who they engage with," she said.

A family lost in an instant

As the bodies were brought out from the waters of Kemaman river, Eyi Jobari cut a sad figure. The 60-year-old lost his daughter, some-five and possibly seven grandchildren in the water surge tragedy in Terengganu. Last days earlier, they had all celebrated Hari Raya Haj together. Eyi, however, accepted it all as fate. > See reports on pages 4 and 5

Grief of man who lost daughter and grandkids

Gone in the blink of an eye: A family of seven people, including Eyi Jobari and his children, in a family photograph.

Father's pain: Eyi Jobari, son-in-law and possibly seven grandchildren in the water surge tragedy at the Jeram Air Putih waterfall on Saturday six of them were Azzah's children.

But 60-year-old Eyi accepts their untimely deaths as fate

KUALA TERENGGANU: Sixty-year-old Eyi Jobari was a happy man when he celebrated Hari Raya Haj with his family last Thursday.

But in the blink of an eye, his world came crashing down. He lost his daughter Azzah, son-in-law and possibly seven grandchildren in the water surge tragedy at the Jeram Air Putih waterfall on Saturday six of them were Azzah's children.

All of them had travelled from their homes near Kuantan in Pahang for a picnic in Air Putih near Chukai in Terengganu before tragedy struck.

Eyi, however, has accepted the untimely death of his daughter and his grandchildren as fate.

Besides Azzah, who was the third of seven siblings, the others killed in the tragedy were her husband Karim Abdullah, 36, and seven children. "I accept this as fate. On the day of the incident, I went to work and was informed by my wife that the family was having a picnic."

"They do not live in the same house as we but stay in the same village. Her husband used to commute from Felda Lepar Hill to Air Putih every day," he said when met at the Forensic Department of the Sultanah Nur Zahirah Hospital (FSD) here yesterday.

It is learnt that Karim had only started work in Air Putih about a month ago. On Sunday, Bernama reported that 10 people, nine of them from a family from Felda Lepar Hill, Kuantan, were having a picnic at Jeram Mawar near Chukai on Saturday when they were swept

A picnic gone wrong: The victims' car and some of the belongings that were found at Air Putih near Chukai. - Bernama

away by the water surge. The two victims, who were found by the public at noon on Sunday were identified as Azzah, 40, and her 11-year-old son Muhammad Zulqarnain Haikal Karim.

Yesterday, four more bodies were found during the search and rescue operation. Four people are still missing.

The search operations were called off at 5pm yesterday due to indications of heavy rain. The search will resume today. Nine of the victims are related. They also include Karim; Putri Balqis Izah Abdul Rahman, 18; Putri Aleya Maisarah Karim, 16; Putri Nur Fatm Karim, 14; Putri Nurfarina Natsaya Karim, 12; Muhammad Haqiz Zayree Karim, six; and Putri Arynisa Umaira Karim, four.

The other is Putri Balqis Izah's aunt. The report on the tragedy is expected

Remains recovered: Three bodies being taken to the Forensic Department at Hospital Sultanah Nur Zahirah in Kuala Terengganu. - Bernama

WHAT IS A WATER SURGE?

Commonly known as storm surges, it occurs when there is an abnormal rise in seawater level caused by a storm. The surge is caused by winds pushing water onshore. Based on sea level data in the east coast and west coast of Peninsular Malaysia, storm surges occur year round, but in various magnitudes.

WHY IS IT DANGEROUS?

Source: Environment and Water Ministry. The Star Graphics

to be completed soon, said Natural Resources, Environment and Climate Change Minister Nik Nazmi Nik Ahmad.

He said the Department of Minerals and Geosciences (JGK) is still conducting inspections at the scene and the police are also investigating. "The report is expected to be ready soon," he told reporters

after visiting a project site to build and upgrade the sewage system in Kolantan near Taman Wadi Liman, Kok Lanas.

Ongoing effort: Search and rescue personnel looking for the missing victims at Kemuning Telodas, Chukai. - Bernama

Wider search: Rescuers being briefed before the task to find the missing victims start at the Operations Control Centre, Air Putih Police Station. - Bernama

'Be wary of waterfalls'

By BENJAMIN LEE berik@thestar.com.my

PETALING JAYA: As search operations continue for four more victims of the water surge tragedy in Terengganu, Malaysians online were warning about holidays near waterfalls, especially when the weather is unpredictable.

"Kepala air (water surge) is so dangerous. It's unexpected. And it is always to late when you realise it. Inmalilahwairanalahujrojan to all the victims' posted Lina Maisarah (@loveysrCandy) on Twitter.

A few remained hopeful of a miracle, spreading messages of hope for the victims' families. "Hopefully, there is a miracle for the victims who have not been found, especially the safety of the youngest four-year-old... I don't want to imagine the sadness if all family members are found dead," commented Facebook user Zizie Adriana.

"I pray that search efforts go smoothly and all those yet to be found are safe," commented another user Nor Hizan Wan Teh.

matters should avoid going to waterfalls. To all parents concerned," he said.

Hundreds of Malaysians also expressed their condolences to the victims' families over the tragedy's loss of life.

"My deepest sympathy to this family Salam Takziah," commented Facebook user Rebecca Liming. "May the souls of the deceased be blessed, aminim and condolences to the victims' families," commented Harin Razali on Facebook.

"Regarding access to the location, we have a strategy in addition to deploying a team every 5km to 7km to search the surrounding areas," he said.

Search over 32km for missing victims of water surge

CHUKAI: The search and rescue (SAR) operation for four more missing victims of the water surge incident in Jeram Mawar, Air Putih here has expanded to a search radius of 32km.

Kemaman district police chief Supt Haryan Ramli said the search area has been divided into three sectors. The first sector involves an area of up to 8km from the location of the incident, the second sector is

the area from Air Putih Police Station to Sungai Pinang Dam (up to 15km), while the third sector is the area from Sungai Pinang towards the mouth of Sungai Kemaman (above 15km).

"The search radius has increased to 32km because of the strong current caused by heavy rain last night," he told a press conference at the Operations Control Centre at Air Putih Police Station yesterday.

Supt Haryan said the SAR team, comprising 163 members from various agencies led by the Malaysian Fire and Rescue Department, has yet to find any clues on the missing victims' whereabouts.

He urged villagers in the area to contact the police if they find any leads to assist the SAR mission. "The SAR team, he said, involves a total of 30 police personnel. Fire

Department (65), General Operations Force (GOF) (60), Malaysian Civil Defence Force (APM) (four), non-governmental organisations (four) and a technical special force consisting of nine members of the public.

"The team is also being assisted by tracker dogs from the Fire Department K3 unit. The search ops halted at 5pm due to indications of heavy rain and will continue today.

Meanwhile, Terengganu Fire Department director Hassan Akari said the team will look at various elements in detail, especially involving the safety of the SAR team members due to the strong river current.

TAJUK : DELISTING NICOTINE COULD PUT KIDS AT RISK OF ADDICTION, SAY GROUPS

HARI : SELASA

AKHBAR : THE STAR

## Delisting nicotine could put kids at risk of addiction, say groups

By GERARD GIMINO  
and ZAKIAH KOYA  
[newsdesk@thestar.com.my](mailto:newsdesk@thestar.com.my)

**PETALING JAYA:** Removing liquid and gel nicotine from under the control of the Poisons Act 1952 puts children at risk of addiction, says Voice of the Children (VOC) chairman Sharmila Sekaran.

With no safeguards to stop the sale of vapes and e-cigarettes, she fears young children being addicted to these products.

"There are sufficient research highlighting the adverse effects of using these products and how it relates to health issues, and what more for young children.

"What's next after they get addicted? Has the Health Ministry thought about these children's progression to other forms of substances later on?"

"Children may not know how something is harmful and are vulnerable. That is why we adults have to protect them," Sharmila said.

VOC, along with the Malaysian Council for Tobacco Control (MCTC) and the Malaysian Green Lung Association, have filed a legal challenge over the Health Ministry's decision to remove nicotine from the list of controlled substances under the Poisons Act 1952.

Malaysian Green Lung Association president Ho Rhu Yann said it was puzzling why the Health Minister hurried to delist liquid and gel nicotine from the Poisons Act 1952 when there were no other regulations in place to recategorise them.

"This opens up opportunities for irresponsible retailers to sell and promote the products openly, which is already happening.

"We don't want another substance to prey on our children and teenagers," he said.

He said the association, along with other anti-smoking groups, had repeatedly voiced their concerns through the media, calling for the Health Ministry to reverse this decision.

However, it had fallen on deaf ears.

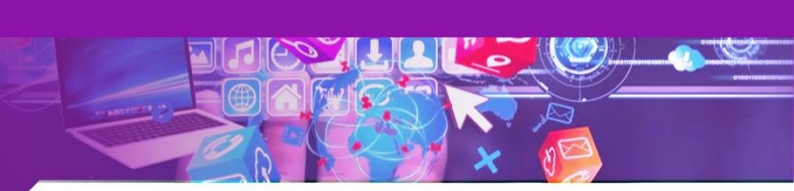

"There is a void in the regulations and this poses a grave danger to public health," he said.

MCTC secretary-general Muhammad Sha'ani Abdullah said the government's rationale behind the move, which is to impose an excise tax on liquid or gel nicotine-containing products, did not prioritise public health.

He said the government should increase taxes on cigarettes, which have not been raised since 2015, and pressure the agencies in charge of curbing the smuggling of tobacco products, if it wanted to increase revenue.

"We had to take it to court as we will not compromise the lives of our children," he said.

The Health Ministry could not be reached for comment.

## Help on the way for '10-kg man' in Terengganu

**PUTRAJAYA:** A 21-year-old man in Terengganu, who suffers from a neurological disease and weighs only 10kg, will receive appropriate aid, says Women, Family and Community Development Minister Datuk Seri Nancy Shukri.

She said the ministry through the Social Welfare Department will work with other government agencies to channel aid to Muhammad Hafizuddin Ismail to ease the burden on his family.

Previous media reports said that the man was found to be suffering from a neurological disease after he fell down the stairs at school when he was 12 years old.

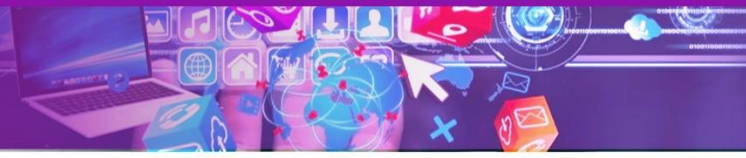

Thanking the media for providing information, Nancy said the department visited Muhammad Hafizuddin and his family at their home on June 20.

In a statement, she said Muhammad Hafizuddin had also been a recipient of the Persons with Disabilities (OKU) Unable to Work aid since November 2020.

The public can contact Talian Kasih on 15999 or WhatsApp 019-2615999 or go directly to the District Community Welfare Office to relay information about children, the elderly and communities in need of assistance. — Bernama

**TAMPIN:** A 46-year-old man, with a previous conviction for assaulting his wife, has been sentenced to 12 months in jail at a Magistrate's Court here after he pleaded guilty to committing the same act again.

Magistrate Kartini Kasran also fined S. Ragubalan RM1,000 in default three months' imprisonment for the offence.

The accused was charged with voluntarily causing hurt to his 41-year-old wife by punching her on the face and hitting her head against the floor at a house in

Taman Molek in Gemas at around 9.15am on April 24.

She sustained injuries to her face, forehead and neck.

Ragubalan was charged under Section 323 of the Penal Code, which carries a maximum jail term of one year or a fine of up to RM2,000 or both, upon conviction.

Deputy public prosecutor Yap Tsu Sheng told the court that the accused had been charged with a similar offence at the same court last November.

Then, the court ordered him to serve one day in jail and pay a RM1,500 fine.

"The accused committed the act again after he was charged with

the first offence.

"This also goes to show that he has not learnt from the earlier punishment," Yap said.

He urged the court to impose a longer custodial sentence so that Ragubalan would repent.

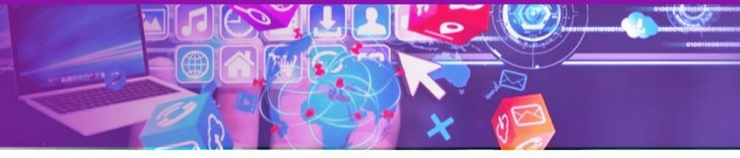

This, he said, would also send out a message to the public as the number of domestic violence cases has been increasing.

Ragubalan, who was unrepresented, appealed for a light sentence as he had to provide for his five children.

He also told the court that he was a diabetic and had recently undergone a medical procedure on his foot.

# Water surge **tragedy**: Four more bodies recovered

**CHUKAI:** Only four victims of the Jeram Mawar water surge tragedy were recovered yesterday, instead of seven as reported earlier.

Terengganu police chief Datuk Mazli Mazlan said the mix-up occurred following a communication breakdown between the search and rescue (SAR) team that is operating deep in the jungle.

"To date, we have found six bodies. Four were found yesterday, while two were recovered on Sunday," he told a press conference yesterday.

"Earlier, we were told seven bodies had been recovered. However, checks showed only four were found and their identities were confirmed by their next-of-kin.

"We are facing challenges with communications and uncertain weather, which has led to inaccurate information being relayed," said Mazli.

He added that 168 personnel from various agencies, including the Fire and Rescue Department, Civil Defence Force, General Operations Force and police were participating in the search.

Residents of villages in the area have also volunteered for the SAR operation.

Mazli said the SAR mission had to be postponed at 5pm yesterday due to poor visibility.

The search for the four remaining victims is expected to resume at 8am today, Bernama reported.

The four victims recovered yesterday included Muhammad Haziq Ziqree Karim, six, whose body was discovered at 11.05am.

The bodies of sisters Putri Aryana Umaira Karim, four, and Putri Nuraina Natasya Karim, 10, were recovered at 12.05pm, while the body of their father Karim Abdullah, 39, was recovered at 1.55pm.

On Sunday, the bodies of a woman and her son were found.

The woman, Azizah Eiyi, 40, who is Karim's wife, was discovered at 12.45pm some 24km from the picnic site.

Her son, Muhammad Zulqarnain Haikal Karim, 11, was

## ➤ Confusion over number of deceased found due to communication breakdown: Police chief

found at 3pm the same day.

The 10 individuals were having a picnic at the Jeram Air Putih waterfall when they were swept away by a water surge on Saturday.

Police said the SAR operation at Jeram Mawar has been divided into three sectors, with a search radius of 32km.

Kemaman district police chief Supt Hanyan Ramlan said the first sector extends 8km from the location of the incident, the second sector extends from the Air Putih

police station to the Sungai Pinang Dam and the third sector extends from Sungai Pinang to the mouth of Sungai Kemaman.

"The search radius was increased to 32km due to strong currents caused by heavy rain on Sunday," he told a press conference at the operations control centre in the Air Putih police station yesterday.

He said the SAR team comprising 163 personnel from various agencies led by the Fire and Rescue

Department, has yet to find any other victims.

Hanyan urged villagers in the area to contact police if they find any leads to assist the SAR operations.

In a related development, a preliminary report on the tragedy is expected to be completed soon.

Natural Resources, Environment and Climate Change Minister Nik Nazmi Nik Ahmad said the Department of Minerals and Geosciences was conducting an inspection at the location and police were investigating the incident.

"A report is expected to be ready soon," he told reporters after visiting a sewage system project site near Taman Wadi Iman at Kok Lanas in Kelantan yesterday.
